

# LOOKING TO PURCHASE NEW EQUIPMENT? COST SHARE FUNDING AVAILABLE!

The Soil Health Financial Assistance Grant is one of the first and only programs to provide cost-share for the purchase and retrofit of soil health equipment. Adopting soil health practices often requires expensive and specific pieces of equipment, creating a need for a cost-share opportunity to offset those costs.

- Awards range from \$500 to \$50,000 (up to 50% cost-share).
- Individual producers and producer groups are eligible to apply.
- Applications can be submitted from August 1 - September 15, 2023. Awards will be announced by January 1, 2024!
- Almost \$2.4M is ready to be awarded with no-strings attached!
- Eligible equipment includes no-till drills, air seeders, high boys, variable rate equipment, parts to retrofit existing equipment and more!
